

8th International Patient Safety Conference @ HICC, Hyderabad between 13th & 14th September 2019

Greetings from Apollo Hospitals

A new era is emerging in healthcare with the advancements in technology unfolding at a remarkable pace. From electronic medical records to remote monitoring to self-care apps and the emergence of Machine Learning, Artificial Intelligence (AI), Robotics, IoT and Big Data, technology is now all pervasive in healthcare. Patient safety and Quality Improvement are receiving more attention than ever before as expectations of patients, providers and payors become more exacting.

In 2019, Apollo Hospitals Group brings together the biggest confluence of Patient Safety and Technology experts at the VIII International Patient Safety Conference (IPSC) and the IX International Conference of Revolutionizing Healthcare with IT (RHIT) will be held at HICC, Hyderabad on the 13th and 14th September 2019.

The IPSC provides an opportunity to learn from patient safety and quality experts from across the world. In the past, we have had the privilege of partnering with organizations like Joint Commission International (JCI), National Accreditation Board for Hospitals & Healthcare Providers (NABH), World Innovation Summit for Health (WISH), Imperial College London, Qulturum (Sweden), the APAC forum to name a few. The VII International Patient Safety Conference, Mumbai brought together 170+ speakers and 1500+ delegates representing 20 countries from across the globe.

The RHIT is India's largest Healthcare and IT focused international conference and trade show. RHIT has partnered with College of Healthcare Information Management Executives (CHIME) and International Society for Telemedicine & eHealth (ISfTeH)It brings together leaders and future game changers in the field of Healthcare and IT and offers a plethora of interactive sessions, educational programs and a trade exhibition showcasing latest technology, services and industry information.

The twin conferences shall bring together international hospital leaders, medical and information technology companies, public policy makers and government officials to discuss solutions to the leading global challenges in healthcare. Built on the strong foundation of clinical excellence and fostered by robust technology, the Apollo Hospitals Group is the largest integrated healthcare provider in India and we are proud to host this International Health Dialogue.

These two conferences promise to be one of the most valuable investments of time for anyone serious about the future of quality healthcare with a combination of lectures, product showcases, panel discussions with significant amount of audience participation, multiple breakout sessions and paper presentations.

Request you to send participants from your esteemed institution. The registration fee is Rs. 2000/-. For details please contact Lt. Col. Saravjeet Kaur @ 9971623838 and email address :saravjeet_k@apollohospitals.com.
